OF MECHANICAL  
ENGINEERS**

**OFFICE OF SCIENCE AND  
TECHNOLOGY**

## **NOTICE OF PEER REVIEW MEETING**

Based on a request from the Office of Science and Technology (OST) of the U.S. Department of Energy (DOE), a Review Panel (RP) has been formed to provide a technical peer review of the Subsurface Contaminants Focus Area (SCFA) technology project **"Application of Electromagnetic Techniques to Cover Performance Monitoring, PNNL (Alias: Time Domain Reflectometry with Wave Guides)"**.

The meeting of the RP is scheduled for:

**April 16, 2002  
8:30 AM  
Richland, Washington**

In accordance with the policies of the American Society of Mechanical Engineers (ASME), all segments of the meeting—except executive sessions of the RP—are open to the public.

Due to limited space, attendance will be based on first-come first-serve availability. Therefore, although on-site registration is available, pre-registration is encouraged. Furthermore, attendees who desire to participate in the discussion must follow ASME requirements.

For information related to the agenda and ASME requirements contact:

Manager, Review Panel Operations
